About Me

I'm a 21-year-old UI/UX Designer passionate about crafting clean and intuitive interfaces. I love refining details, shaping user journeys, and designing experiences that feel natural and enjoyable.

Experience

- 2024 - Present
UI/UX Designer — Freelance
 - Designed 4 real-world UI/UX projects including e-commerce websites, a mobile app, and a website redesign.
 - Created user-centered interfaces focusing on usability, clarity, and visual hierarchy.
 - Worked directly with clients to understand requirements and iterate on feedback.
 - Built wireframes, high-fidelity UI screens, and interactive prototypes in Figma.
 - Delivered complete design systems including typography, color, and components.
